**Women in Black London stand in mourning for all women killed by men.  
We stand in solidarity with women who have experienced rape and assault and  
gender oppression in the UK and across the world.  
Women in Black see a continuum between domestic violence and war. Patriarchal,  
patrimonial attitudes at home disregard the voices of women as primary care  
givers and agricultural workers, and lead to extreme acts of violence and war.**

## Join 16 Days of Action against Gender-based Violence

**25th November to 16th December**

16 Days of Action Against Domestic Violence is a global campaign aimed at raising awareness and taking action to end domestic violence and gender-based abuse. Initiated in 1991 by the Center for Women’s Global Leadership, during 16 days of action, individuals, organizations, and communities come together to advocate for a world free from domestic violence.

**#16Days #EndDomesticViolence #GenderEquality #SupportSurvivors #BreakTheSilence**

Women in Black hold vigils every Wednesday between 6-7 pm at the Edith Cavell Statue, opposite the National Portrait Gallery, St.Martin’s Place, London WC2.

Our vigils are silent, women-only and if possible we wear black. We welcome all women who support our call for an end to militarism and war.
